Points are to be used as a guide and the judgment of examiners is the final decision. However, deferment is automatic: 1) if a candidate receives a rating of “1” from all of the examiners in any category, or 2) if the total score is 25 points or below for the examination.

If three or more examiners vote to pass, the candidate passes. If two examiners vote to defer, the candidate is deferred. (No process facilitator is called.)

A process facilitator is an experienced examiner whose purpose is to help the board solve problems arising during the examination procedure. Anyone can request the chairperson to call a process facilitator at any time during the examination. The candidate may request the chairperson to call a process facilitator at any point before the individual board members begin to score. This point is to be announced by the board chairperson, who will ask the board if they are ready to begin scoring. After this point, only the chairperson or a board member (through the chairperson) can call for a process facilitator.

The process facilitator will establish a clear contract with the board and will help the board reach a decision. If no decision to certify or defer is reached, the examination supervisor can be called. The examination supervisor can help the board reach a decision or can discharge the board and convene a new board to re-examine the candidate. Neither the process facilitator nor the examination supervisor will examine or vote.
